Background

Organization and Function of the Middle Rogue Metropolitan Planning Organization

In urbanized areas with a population over 50,000, the responsibility for transportation planning lies with designated Metropolitan Planning Organizations (MPO's). The Middle Rogue MPO (MRMPO) was created to ensure that existing and future expenditures for transportation projects and programs are based on a continuing, cooperative, and comprehensive (3-C) planning process. Oregon administrative rules define an MPO as "the organization designated by the Governor to coordinate transportation planning in an urbanized area of the state." This includes developing the area's long-range transportation plan that will address the region's projects, programs, and policies for at least a 20-year period. It also includes maintaining a Metropolitan Transportation Improvement Program (MTIP), which is a short-range document listing transportation projects to be initiated within the MPO using federal funds or deemed "regionally significant".

With an estimated population of just over 50,000, the MRMPO planning area includes the urbanized area of Grants Pass. This consists of the cities of Gold Hill, Rogue River, and Grants Pass, the unincorporated communities of Merlin and Foot's Creek, and surrounding rural areas in both Josephine and Jackson Counties.

The MRMPO is a function of the Rogue Valley Council of Governments (RVCOG), a voluntary association of local governments that provides a forum for coordinated problem solving and regional planning for Jackson and Josephine Counties. The Governor of Oregon designated RVCOG as the MRMPO on March 20, 2013. The RVCOG Board of Directors subsequently delegated responsibility for MRMPO policy functions to the MRMPO Policy Committee, a committee of elected and appointed officials from each jurisdiction within the urbanized area, including the Oregon Department of Transportation (ODOT). The Policy Committee is the MRMPO's decision-making board.

Purpose of the Title VI Plan

The purpose of this document is to comply with federal regulations under 49 CFR Part 21 and 23 CFR 200. The regulations require all recipients of federal funds to comply with Title VI of the Civil Rights Act of 1964 and its subsequent federal acts, as shown under the Authorities section of this document on the following pages. The MRMPO is a recipient of Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) funds and will likely utilize other federal funds under the ODOT Transportation and Growth Management (TGM) Program or similar programs.

Authorities

There are numerous Congressional Acts and federal regulations on civil rights and equitable treatment of all members of the public that apply to the various aspects of transportation planning practices. The following is the most relevant of these Acts to the transportation planning practices of the MRMPO:

- **[Title VI of the Civil Rights Act of 1964](#)**
Title VI of the Civil Rights Act of 1964 (42 USC 200d) states that: *"No person in the United States shall on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity receiving federal financial assistance."*
- **[The Uniform Relocation Assistance Act of 1970](#)**
The Uniform Relocation Assistance and Relocation Acquisition Act prohibits unfair and inequitable treatment of persons displaced or whose property will be acquired as a result of Federal and Federal-Aid programs and projects (42 USC 4601).
- **[Section 504 of the Rehabilitation Act of 1973](#)**
The Act (29 USC 790) states that:
"No qualified handicapped person shall, solely by reason of his handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity that receives or benefits from Federal financial assistance."
- **[Federal Highway Act of 1973](#)**
The Act (23 USC 324) states that: *"No person shall on the ground of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance under this title or carried on under this title."*
- **[The Age Discrimination Act of 1975](#)**
The Act (42 USC 6101) states that: *"No person shall on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."*
- **[The Civil Rights Restoration Act of 1987](#)**
The Act expanded the coverage of previously enacted federal statutes prohibiting discrimination in employment and other areas. It restored the intent of Title VI and applies to all programs and activities of Federal aid recipients and contractors whether those programs and activities are federally funded or not.
- **[Americans with Disabilities Act \(ADA\) of 1990](#)**
ADA (42 USC 126) prohibits discrimination against any individual on the basis of disability in regard to public services, public transportation, employment, housing, education, health, labor, communication devices and many more.
- **[Environmental Justice \(EJ\) of 1994](#)**
In February 1994 President Clinton signed [Executive Order 12898](#) that directed every Federal agency to make environmental justice part of its mission by identifying and addressing the effects of all programs, policies, and activities on *"minority populations and low-income populations."*
- **[Limited English Proficiencies \(LEP\) of 2000](#)**
Executive Order 13166 protects people with Limited English Proficiency (LEP). The law requires that federal agencies shall work to ensure that people with limited English Proficiency have meaningful access to their services without unduly burdening the fundamental mission of the agency.

- [Title 49 CRF Part 21](#) outlines how agencies must ensure nondiscrimination in their programs and in their use of federal funds provided through the Department of Transportation. This Title VI Plan is pursuant to this requirement.

Oregon Title VI Annual Reporting Requirements

Oregon MPO's are required to prepare and maintain on file an annual Title VI Accomplishment Report. Each October the MRMPO must submit its report to the Oregon Department of Transportation (ODOT) Title VI Program Manager and ODOT Region 3 planning staff. Information contained in the report is to be included in the ODOT region Title VI reports and the subsequent state report for Federal Highway Administration (FHWA) and Federal Transit Administration (FTA). The following provides an example of information to be included in the MRMPO's annual Title VI Accomplishment report.

- Changes to the approved Title VI Plan.
- Changes to the Title VI Program reporting structure.
- Title VI complaints received.
- Planning activities performed and actions taken to promote Title VI compliance.
- Transportation studies or plans completed that provided Title VI related data.
- Public notification and comment solicitation efforts related to a draft Transportation Improvement Program (TIP).
- Public hearings held, including efforts to enhance participation and a summary of Title VI concerns raised and actions taken to address concerns.
- Presence of minorities and women in citizen participation efforts.
- Description of the process for issuing requests for proposals (RFPs) and soliciting consultants.
- Actions taken to promote consultants' compliance with Title VI; number of consultants that have contracts with the MPO including dollar value; how many were Disadvantaged Business Enterprises (DBEs); efforts made to utilize DBE consultants; methods used during the review period to ensure Title VI related adherence to contract agreements.
- Actions taken to promote Title VI compliance regarding education and training, including monitoring and review processes, and their outcomes or status.
- Description of strategies for the upcoming year, including any significant problem areas.

Title VI Coordinator

The MRMPO Title VI coordinator is responsible for evaluating and monitoring compliance with Title VI requirements in all aspects of administration. As part of this responsibility, the coordinator ensures that MRMPO program administration complies with Title VI.

Title VI Coordinator responsibilities include:

- **Program Administration:** Implement the MRMPO Title VI Plan and update the document on a tri-annual basis.
- **Complaints:** Serve as the point of contact for civil rights complaints working directly with the Rogue Valley Council of Governments Executive Director.
- **Public Dissemination:** Engage in public awareness activities and provide Title VI and Environmental Justice support and information to the public or any requesting entity. Ensure public announcements or notices are posted of proposed planning activities, hearings and meetings, in newspapers, on the MRMPO website, by contact to organizations serving subject populations, or by other media reaching the affected community.
- **Legislative and Procedural Information:** Maintain current information on Federal laws, rules and regulations, ODOT guidelines, the current MRMPO Title VI Plan, Annual Title VI Reports, and other resource information pertaining to the implementation and administration of the MPO's Title VI program.
- **Annual Title VI Reporting:** Prepare annual Title VI reports to the Oregon Department of Transportation (ODOT) Office of Civil Rights. See page 3 of this plan for reporting details.
- **Data Collection:** Collect and maintain up-to-date data to support ongoing nondiscrimination activities.
- **Training:** Obtain adequate training and other support for MRMPO staff involved in Title VI compliance.
- **Project Evaluation:** Ensure that projects undertaken by the MRMPO support environmental justice principles.
- **Contact:** Serve as both Title VI and Environmental Justice point of contact.

Filing a Civil Rights Complaint

The MRMPO has a Title VI complaint procedure in place. The process is provided in Appendix A of this document, along with the complaint form in both English and Spanish. The procedures cover complaints filed under Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 against any program or activity administered by the MRMPO.

Any person who feels that he or she has been subjected to discrimination on the basis of *race, color, or national origin* has the right to file a Title VI complaint. Intimidation or retaliation of any kind is prohibited by law.

Complaints must be filed (either in person or in writing) within 180 days of the alleged discriminatory event or practice. Complaints and questions should be directed to the Title VI coordinator:

Environmental Justice

Background

Executive Order 12898, “Federal Actions to Address Environmental Justice (EJ) in Minority Populations and Low-income Populations” was enacted in 1994 to reinforce Title VI of the Civil Rights Act of 1964. The Civil Rights Act states that *“No person in the United States shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance” (U.S. Code 1964).*

Executive Order 12898 states, *“Each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations” (Federal Register 1994).* The Executive Order clearly adds minority and low-income people to the list of protected class.

The MRMPO receives federal funds and is therefore responsible for integrating environmental justice standards into its transportation planning and programming activities. These standards include the following:

- Avoid, minimize, or mitigate disproportionately high and adverse effects of its activities on minority populations and low-income populations.
- Ensure involvement of low-income and minority groups in the decision-making process.
- Ensure low-income and minority groups receive their fair share of benefits.

Demographic Profile Analysis - MRMPO Area Likely-Underserved Populations

Below and the following pages contain tables, text, and maps that display information regarding Likely-Underserved populations within the MRMPO planning area in percentages (number of underserved persons compared to the area’s population) and percentiles (how the area ranks nationally with selected underserved populations). For purposes of this analysis, Likely-Underserved populations are defined as racial minorities, individuals living below the federal poverty level, those with Limited English Proficiency (LEP), and seniors (age 65+).

Data gathered by the U.S. Census Bureau is used to identify such populations, which includes American Community Survey (ACS) 5-year estimates for 2017-2021.

Data Used in the Analysis

The data used in this analysis comes from the U.S. Census Department's 2017-2021, 5-year estimates. The 5-year estimates from the ACS are "period" estimates that represent data collected over "a period of time." The primary advantage of using multiyear estimates is the increased statistical reliability of the data for less populated areas and small population subgroups. In general, the American Community Survey (ACS) is an ongoing survey that provides data every year -- giving communities the current information they need to plan investments and services. The ACS covers a broad range of topics about social, economic, demographic, and housing characteristics of the U.S. population.

The 5-year estimates are available at the U.S., state, county, city, and block group levels. In this analysis, the data is analyzed and visualized in two different ways:

1. Tables:
 - The tables depict percentages for different geographical areas (U.S., state, city, etc.).
2. Maps:
 - The maps use Census block groups as the geographical locations for the data, which is normalized in percentages. Please note, the block group data goes beyond jurisdiction boundaries. This is important to note because block groups are not constrained by a jurisdiction's boundary lines (i.e., city limits, county boundary lines, etc.).

Margin of Error

One of the limitations with ACS Data is a high Margin of Error (MOE) when analyzing small single Census block groups. A high MOE is usually due to low participation rates. Higher participation rates typically result in a lower MOE.

In summary, the MPO prefers to use 2017-2021 ACS 5-year estimates over the one-year ACS estimates. Five-year estimates can produce a lower MOE because of the higher number of survey responses. One-year estimates usually show a high MOE because there is a low survey response rate.

Mapping Data

The MPO uses the Environmental Protection Agency's (EPA) [EJScreen Tool](#) to prepare the Environmental Justice maps. EJScreen is EPA's environmental justice (EJ) screening and mapping tool that identifies potential adverse environmental impacts to vulnerable populations at the block group level¹.

¹ EJScreen puts each indicator or index value in perspective by reporting the value as a percentile. For example, an EJScreen analysis shows that City X's minority population is ranked in the 80th percentile nationally. This indicates that City X's minority population is 80% higher than other cities in the nation, but the same or lower than minority populations in 20% of other cities in the nation. For more information on the EJScreen Tool [click here](#) and bivariate Maps [click here](#).

Minority Population

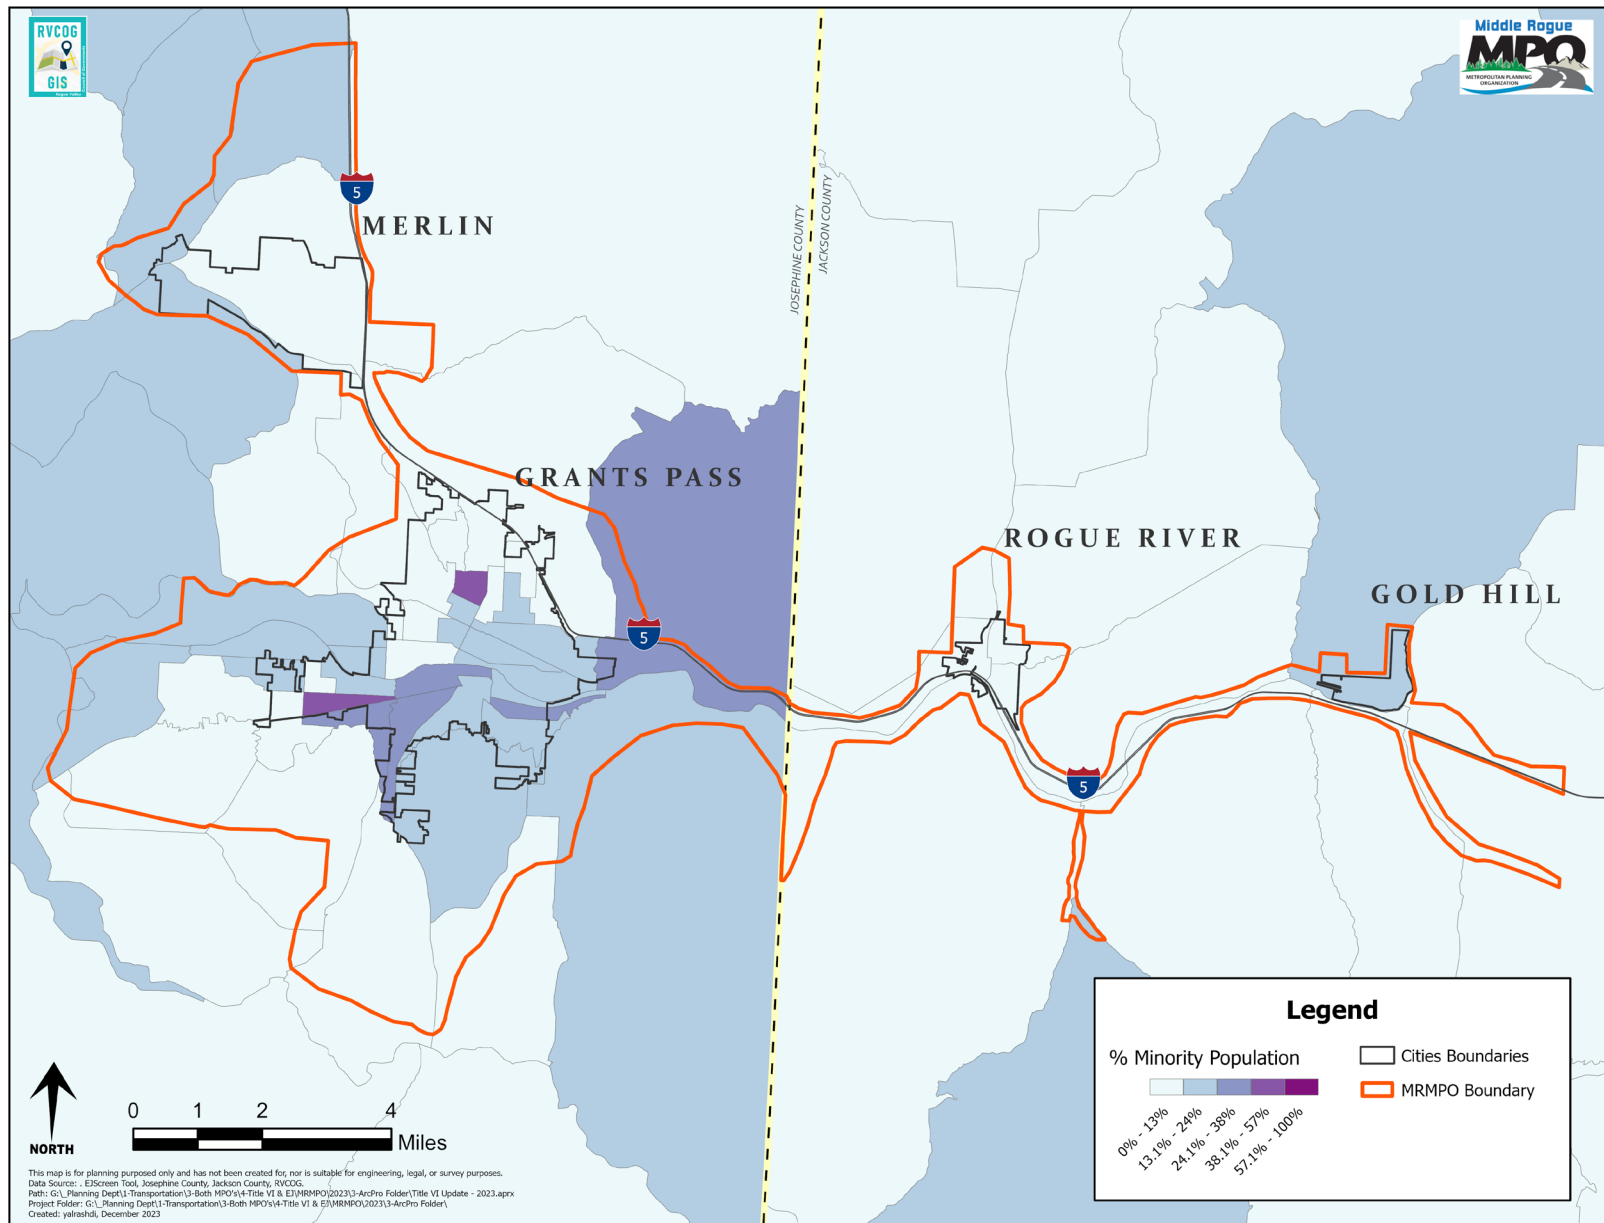

For purposes of this analysis, Minority is defined as persons who reported their ethnicity and race as a group other than non-Hispanic white-alone. Within the MRMPPO Planning Area, the 2017-2021 ACS estimates 15% of the population belong to a minority group.

Map 1 on Page 11 below identifies block groups containing percentage of minority population for both Josephine and Jackson counties. The map shows which block groups contain high percentages of minority population within them. The highest block groups percentages within the MRMPPO are located within the City of Grants Pass with a percentage between 38.1% - 57%. The rest of the block groups vary in their ranges with some of them on the lower-levels (0% - 13%) and the other in the mid-levels (13.1% - 38%).

Low-Income Population

Table 2 below depicts the percentage of the population living below the poverty level (Severe Poverty, Below Poverty, and Near Poverty Levels) within different geographical areas². The 2017-2021 American Community Survey (ACS) shows that in the previous 12 months, a total of 22% of individuals living within the MRMPO Planning Area had an income near or below the poverty level with 8% at the severe poverty level, 9% below the poverty level, and 6% at the near poverty level.

The block groups with the highest low-income populations are located within Grants Pass and parts of Rogue River.

Limited English Proficiency (LEP) ([Limited English Proficiencies \(LEP\) of 2000](#))

One of the categories covered under Title VI is national origin. A type of national origin discrimination includes discrimination based on a person's inability to speak, read, write, or understand English. As a recipient of federal funds, the MPO must take reasonable steps to ensure that LEP persons have meaningful access to the programs, services, and information the MPO provides. Determination of "reasonable steps" are based on a four-factor analysis that considers the following:

- 1) The number and proportion of LEP persons in the MPO area who may be served or are likely to encounter an MPO program, activity, or service,
- 2) The frequency LEP persons encounter MPO programs, activities or services,
- 3) The nature and importance of programs, activities or services provided by MPO to the LEP population, and
- 4) The resources available to the MPO and overall costs to provide LEP assistance.

The MRMPO will upon request provide written/oral communications in Spanish, as well as conduct public outreach efforts to organizations that serve LEP populations in the MRMPO area.

Data on ability to speak English were derived from the answers to the American Community Survey, where respondents were asked to indicate their ability, and others in their household to speak English. For purposes of LEP population identification, only those that selected "Not well" or "Not at all" were used in this analysis³.

³ ACS LEP data product, B16004, does not go lower than the county level which is why some jurisdictions are labeled "Data Not Available." However, other data products from the Census go down to the block group level and that data is shown in the map below.

Senior Population

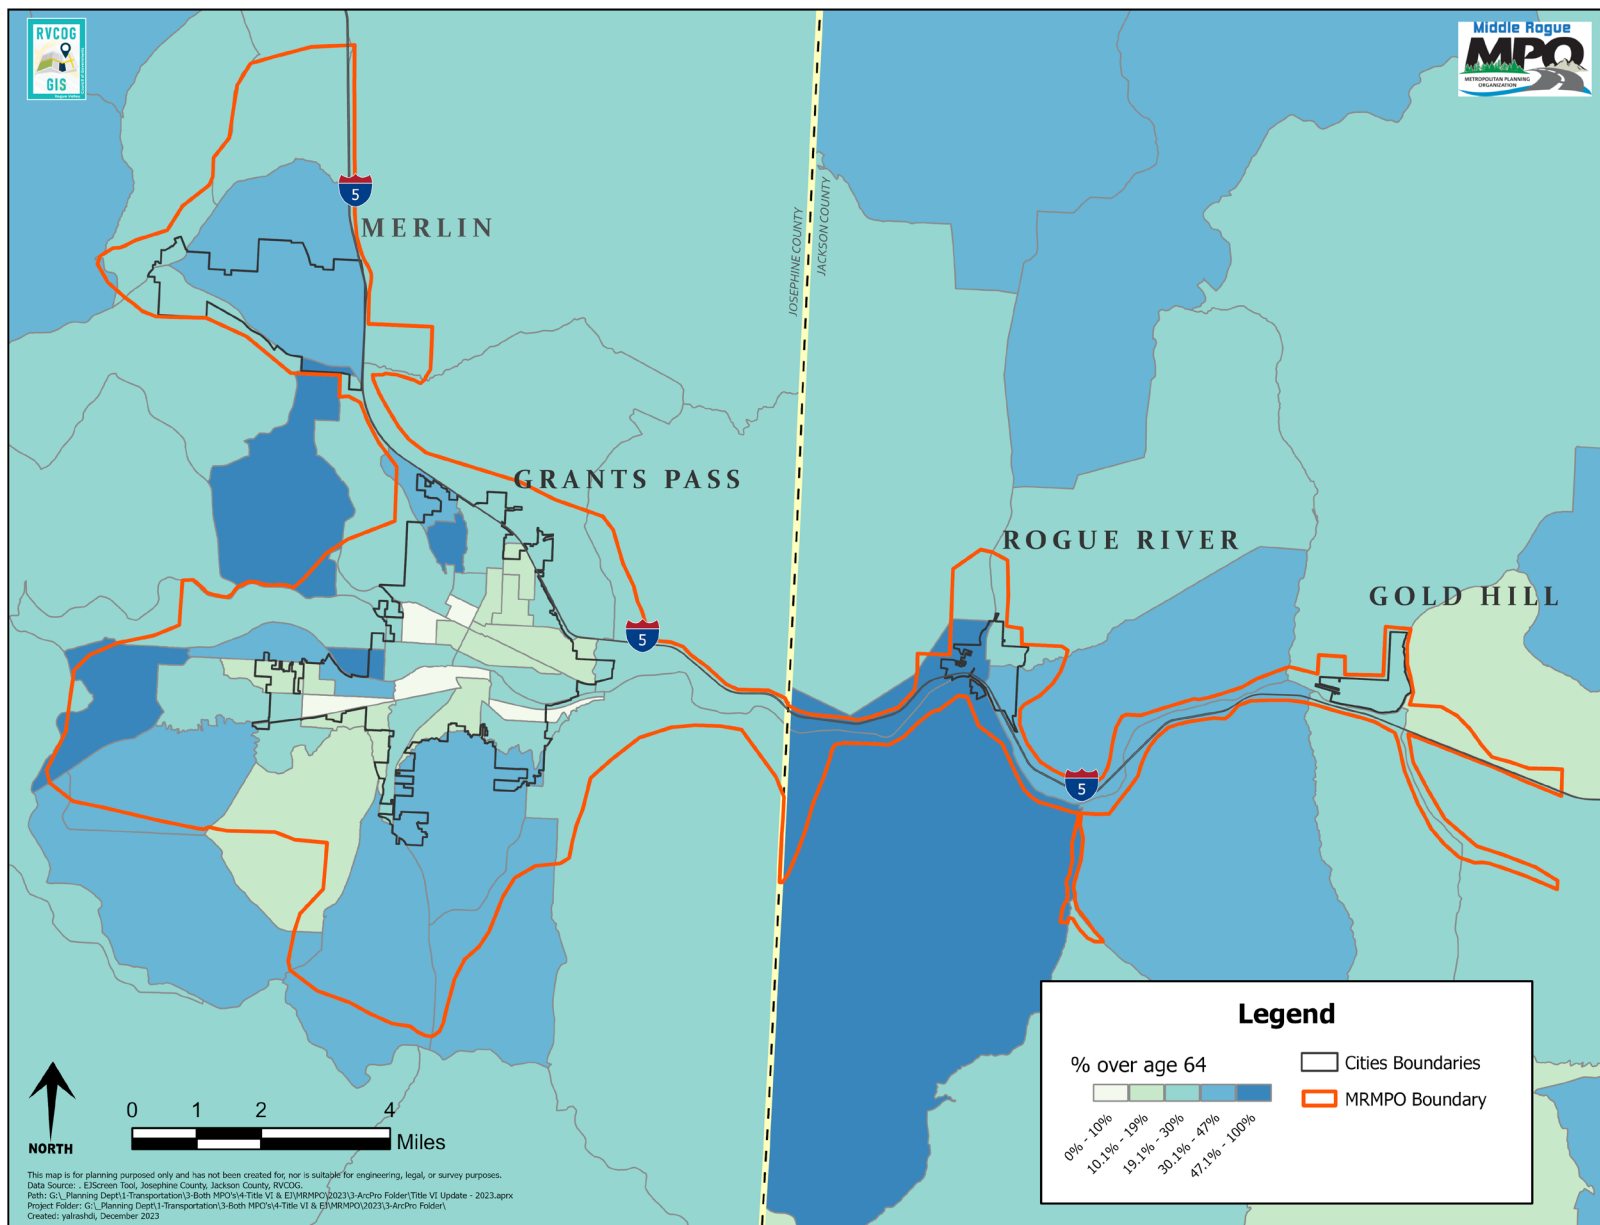

“Percent of people in a block group over the age of 64” is how the EJScreen tool defines senior population. According to 2017-2021 ACS data, 27% of the population within the MRMPD area is 64 or older which is eight to ten percentage points higher than the State of Oregon and the U.S. Thirty-five percent (35%) of Rogue River’s population is over 64 years old, followed by Grants Pass at 25% and Gold Hill at 21%. Josephine County’s senior population is four (4) percentage points higher than Jackson County.

Public Participation

MRMPO Public Participation Plan

The MRMPO has an adopted Public Participation Plan that describes methods, strategies, and desired outcomes for public participation, addressing outreach to a broadly defined audience of interested parties. The purpose of the plan is to provide all interested parties with reasonable opportunities to comment on the MRMPO's plans, programs, and projects. The plan is intended to encourage, facilitate, and follow through on public comments, concerns, and suggestions by establishing procedures for providing full public access to information and decisions, timely public notices, and early and continuing public involvement in plan development.

Strategies for Involving Likely-Underserved Populations

To better involve Likely-Underserved Populations, MRMPO may employ a combination of the following measures:

- Consulting with community organizations that serve Likely-Underserved communities (such as social, religious, non-profit, and government entities).
- Purchasing advertisement and/or placing public notification in publications serving Likely-Underserved communities.
- Providing assistance upon request, and with 48-hour notice, to the hearing and visually impaired, those not fluent in English, and others requiring assistance at all MPO meetings, hearings and public events. Public notices of these events shall notify the public of these opportunities. Meetings shall be held in ADA-compliant venues, and Spanish translators provided upon request.
- Selecting meeting sites that are accessible by transit and centrally located to be reasonably accessible by means other than the automobile.
- Translating MRMPO documents and information brochures into Spanish.

Appendix A

MRMPO Title VI Complaint Process

Census Definitions

Census Geography level:

All census data consist of summary statistics that describe geographic areas. (There are no census data for individual persons or households.) Geography provides the framework for census survey design, sample selection, data collection, tabulation, and dissemination. The Census Bureau uses summary levels, representing a geographic level or type, for most of its data products. Summary levels define a hierarchical arrangement of geographic entities that allows for data ranking, sorting, aggregation, and mapping.

There are 27 different geographic entities, in two basic categories, shown on this diagram. Some geography types have legal status and are not controlled by the Bureau, including counties, places (incorporated cities), legislative and school districts, etc. The Bureau is responsible for defining several others, such as census tracts, block groups, blocks, public use microdata areas, ZCTAs, etc.

Census Tract:

A small, relatively permanent statistical subdivision of a county delineated by a local committee of census data users for presenting data. Census tracts nest within counties and their boundaries normally follow visible features but may follow legal geography boundaries and other nonvisible features in some instances. Census tracts ideally contain about 4,000 people and 1,600 housing units.

Block Group:

A statistical subdivision of a census tract, generally defined to contain between 600 and 3,000 people and between 240 and 1,200 housing units, and the smallest geographic unit for which the Census Bureau tabulates sample data. A subdivision of a census tract (or, before 2000, a block numbering area), a block group is a cluster of blocks having the same first digit of their four-digit identifying number within a census tract.

Block:

The smallest statistical unit of the U.S. Census. Census blocks cover the entire territory of the United States, Puerto Rico, and the Island Areas. Census blocks nest within all other tabulated census geographic entities and are the basis for all tabulated data.

As mentioned previously this analysis will be using block group geography level due to the unavailability of lower geography level for the ACS data.

DOT Order No. 1050.2A

The Middle Rogue Metropolitan Planning Organization (herein referred to as the "Recipient"), **HEREBY AGREES THAT**, as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation (DOT), through the **Federal Highway Administration (FHWA) and/or the Oregon Department of Transportation (ODOT)**, is subject to and will comply with the following:

Statutory/Regulatory Authorities

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- 49 C.F.R. Part 21 (entitled Non-discrimination In Federally-Assisted Programs Of The Department Of Transportation-Effectuation Of Title VI Of The Civil Rights Act Of 1964);
- 28 C.F.R. section 50.3 (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);

The preceding statutory and regulatory cites hereinafter are referred to as the "Acts" and "Regulations," respectively.

General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, "for which the Recipient receives Federal financial assistance from DOT, including the Oregon Department of Transportation.

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives Assurances with respect to its Federally assisted Transportation Program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23(b) and 21.23(e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard

to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Federal Transportation Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

"The Middle Rogue Metropolitan Planning Organization in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
 - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or

- b. the period during which the Recipient retains ownership or possession of the property.
- 9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
- 10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the Middle Rogue Metropolitan Planning Organization also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the Oregon Department of Transportation access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the Oregon Department of Transportation. You must keep records, reports, and submit the material for review upon request to the Oregon Department of Transportation or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The Middle Rogue Metropolitan Planning Organization gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Federal Highway Administration. This ASSURANCE is binding on Oregon, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Federal Transportation Program. The person(s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.
